**McBee's Coffee N' Carwash Opens First Location**

Car wash, dog wash and a hot cup of coffee all in one

**June 30, 2022 – BELTON, Mo. – McBee's Coffee N' Carwash** celebrated the grand opening and ribbon cutting of its first-ever location at 590 E. North Avenue, today, June 30.

“The concept for McBee’s Coffee N’ Carwash came from the idea that in today’s fast-paced world, car washes need to address two specific needs: high-quality washes and minimal time spent in the wash,” said McBee’s Coffee N’ Carwash Team. “Along with a high-end automated wash, customers can enjoy a great cup of coffee, with a flavor of their choosing, to sip on during the wash.”

McBee’s uses a conveyor belt system which allows for easy loading and creates less stress than attempting to pull into a traditional rub-rail chain and drag/push system. The wash is designed to get cars in and out in less than 3 minutes (once they have entered the tunnel).

The \$800,000 family-owned luxury car wash offers a variety of options with free vacuums as well as a high-end, self-serve dog washing station with eight different soap options and a drying hose. The tasty cup of coffee is an added treat to enhance the whole experience.
