Print Name and Title Print Name and Title

This permit issued with the condition that the lowest floor (Including Basement Floor) of any new or substantially-improved residential building will be elevated **1.0 feet** above the base flood elevation. If the proposed development is a non-residential building, this permit is issued with the condition that the lowest floor (including basement) of a new or substantially-improved non-residential building will be elevated or floodproofed **1.0 feet** above the base flood elevation. This permit is used with the condition that the developer/owner will provide certification by a registered engineer, architect, or land surveyor of the "as-built" lowest floor (Including Basement) elevation of any new or substantially-improved building covered by this permit.
