

DIGITAL TIME CAPSULE BE A PART OF HISTORY

The City of Belton's 150th Anniversary Planning Committee is seeking entries for a time capsule that will be buried to commemorate this event. All items must be able to be put in digital format (on a flash drive). We are seeking the following items:

- Video or Audio Recordings of citizens with objects of importance, explaining why they chose that object.
- Photographs of citizens during important moments or milestones with a story written to explain the photograph.
- Photos of local signs, lists of prices, social media posts, etc.
 - Digital Newspaper or magazine articles
- Written work such as stories, recipes, jokes, etc.
 - Artwork such as paintings, drawings, etc.
- Use your imagination. What would you like to see in the time capsule?
 - As long as it can be in digital format, we would like to know!

ENTRIES CAN BE PLACED IN THE ORIGINAL POST!
