

BELTON FIRE DEPARTMENT

John T. Sapp • Fire Chief

April 29, 2024

The following is an addendum to the Notice of Sealed Bid Auction for a Precision International Fire Tanker

General Terms of Sale, Section 8

According to section 8 of the General Terms of Sale, the City will convey a Certificate of Title. In our search for the title, it was discovered there was no official registration of the apparatus upon purchase and Belton does not contain an official title. In research with The Department of Motor Vehicles, a fire apparatus operated by a political subdivision in the State of Missouri is not required to be registered with The State of Missouri. Further verification through the Division of Motor Vehicles, we have confirmed there is no need for a title to transfer ownership. Buyers, rather private or as a part of a political subdivision, will only be required to present a bill of sale if they need or want to submit a title application for this vehicle.
