MARC

MID-AMERICA REGIONAL COUNCIL

What is the Mid-America Regional Council (MARC)?

MARC serves as both the federally designated Metropolitan Planning Organization (MPO) for the bistate Kansas City region and as the Council of Governments (COG) for the nine counties and 119 cities in the region. MARC is governed by a Board of Directors made up of local elected officials, and is funded by federal, state, and private grants; local contributions, and earned income. A major portion of MARC's budget is passed through to local governments and other agencies for programs and services.

As a voluntary association of local governments, MARC convenes partners and coordinates planning efforts on a wide range of issues that are important to communities in the metro, including aging services, early learning, health care, community development, homeland security, emergency services, the regional 911 system and much more.

What is a Metropolitan Planning Organization (MPO) and Council of Governments (COG)?

Council of Governments (COG): is a multi-service entity with state and locally-defined boundaries that delivers a variety of federal, state, and local programs while carrying out its function as a planning organization, technical assistance provider, and "visionary" to its member local governments.

MARC BOARD OF DIRECTORS
