Brandon Mellinger was a Sergeant with the Cass County Sheriff's Office. In January 2001, Brandon died from his second bout with brain cancer. During these times, Brandon incurred expensive medical bills, and some were not covered by insurance. This tournament was started to help him, and others, and over the next 15 years, this tournament has helped several first responders manage those bills.

This year, the tournament proceeds are benefiting Detective A.J. Haus from Belton PD. His wife Rikki has gone through several procedures over the past 2 years after being diagnosed with Crohn's Disease and Fistula. **Please help us take care of this first responder!!**
